Alfonso finished his degree of B.S. Architecture in Mapua Institute of Technology, Manila Philippines. He has many years of dedicated architectural experience in planning, design competitions of various large scale building and development projects. He is currently working in Singapore. He loves to draw and his favorite medium is watercolor. "As an artist, I always seek an inspiration from the things around me and what I wish to show when I paint is the way I see things with my eyes and in my heart." He is also a member of the International Watercolor Society of the Philippines and Singapore Watercolor Society.
